# BIO

**A whole life linked to music. His passion for the music was brought in by the saxophone and that is still displayed in the present day. Starting in a small village band, taking his studies at conservatories until becoming a true multi-musician of jazz that has been warmly received as the boy that dance music wanted and needed, a true beast on stage. Capable of making a deep impression with a melodious sound but at the same time capable of destroying the stage with a powerful and incredible live performance, Samu Herrero has managed to become a must on the national and international scene, constantly visiting the best clubs and festival in Spain such as Medusa Sunbeach Festival, Marenostrum Festival, Lovin Ibiza Festival (Algeria), Circle of Life (Guatemala), Paellas Universitarias, Kapital (Madrid), BCM (5th Best Disco in the world - Mallorca), Mya (Valencia) and a great many others.**

## FERCHO ENERGY & SAMU HERRERO, SAPORTA - LITTLE INSANE

Publicado el 28 noviembre, 2016 | Por Borja Rosan | [Free Download, MUSICA](#)

Los artistas valencianos "Fercho Energy & Samu Herrero" vuelven con su última producción desde que lanzaran a principios de año su single con más repercusión en el panorama musical electrónico, "NO PARTY" y el pasado año "WE WANT IT" fueron temas distribuidos a través del sello discográfico "BLANCO & NEGRO MUSIC" y estuvieron apoyados por infinidad de artistas nacionales y por radios.

Este dúo tan llamativo y espectacular en los directos y que tanto ha dado que hablar en este año 2016 se une al jovencísimo "Saporta", quien a su corta edad ya dispone de grandes producciones bajo su nombre y posee un cercano apoyo de artistas internacionales en sus radioshow.

En su nuevo single titulado "LITTLE INSANE" han apostado por un estilo basshouse acompañado de una vocal oscura que recuerda al house más underground, unido a unas pinceladas frescas de tribal y tropical house para aportar ese toque diferente y contrastante en las diferentes secciones del tema.

Con un sonido potente y contundente, este dúo de "showmen" únicos en su especie unidos al talento en ebullición, prometen hacer vibrar al mundo a ritmo de música electrónica, acompañados de nuevo por la productora discográfica ZANY HUMS.

I am very happy to tell you we have featured your music this week.
